Attention lifelong learners!

Are you enrolling in a #NoPassportNeeded experience this summer as non-UO student (regardless of Oregon or out-of-state residency)?

If you have a child or grandchild who is currently a UO student -- or will be attending the UO starting in September 2020 -- you will receive a \$1,000 grant towards a travel-based GEO study abroad program for yourself, your child or grandchild when programs resume normal operation. This grant must be used by Summer 2021 on either a GEO faculty-led program or center-based program, and cannot be combined with any other study abroad scholarship or discount issued by GEO.
